

NHC Chicago 2018-19 Host Sites

Host Site	# of Positions Total	Position Title	Position Status	Brief Description	Bilingual-Spanish/English
Advocate Children's Hospital	1	Health Educator	Filled	The member will provide targeted 1:1 health education in the Ronald McDonald Mobile Clinic and the Adolescent Clinic. The member will also provide health education in community settings.	Not required
Advocate Trinity Hospital	1	Patient Navigator	Filled	The member will identify patients in the Emergency Room who either are mismanaging their chronic diseases or misusing the Emergency Room. The member will then work with these patients to identify barriers to appropriate care and link them to services that can help them overcome these barriers.	Not required
Erie Family Health Center	4	Health Educator, school based <ul style="list-style-type: none"> Amundsen Clemente Lakeview 	<ul style="list-style-type: none"> Filled Filled Filled 	The members will be based in three of Erie's school-based clinics where they will provide students sexual health education and 1:1 nutrition counseling. Additionally, they will promote the clinic's services to students and facilitate the mobile vision and dental clinic visits. Finally, the members will participate in health insurance enrollment fairs.	Not required
		Health Educator – Humboldt Park	Filled	The member will implement HIV/AIDS outreach and education initiatives, including conducting community outreach and education, providing rapid HIV testing and counseling, facilitating patient support groups and classes, providing appointment and medication adherence counseling, and enrolling in pharmaceutical manufacturer assistance programs. Finally, the member will	Required

				participate in health insurance enrollment fairs.	
Heartland Health Centers	5	Health Educator – ½ time school-based, ½ time community based <ul style="list-style-type: none"> • Lincoln Square/Roosevelt • Senn/Hibbard/Devon 	<ul style="list-style-type: none"> • Filled • Filled 	These two members will each split their time between a school-based site and a community based. At the school-based health centers, they will play a key role in ensuring that the school is in compliance for physicals and vaccines. They will also provide students sexual health education, nutrition education, and facilitate oral and vision care. At their community sites, they will provide nutrition education, assist patients in setting goals for managing chronic disease, and enroll patients in the patient portal.	Highly preferred
		Health Educator – Kilmer/Sullivan , Fully School-based	Filled	This member will split their time between two school-based sites. They will play a key role in ensuring that the schools are in compliance for physicals and vaccines. They will also provide students sexual health education, nutrition education, and facilitate oral and vision care.	Highly preferred
		Health Educator—Albany Park , Fully community based	Filled	This member will interact with patients individually or in groups to provide nutrition education, tips, and support in their effort to prevent disease and/or better manage existing chronic conditions. Members will also use health coaching techniques to discuss patient self-management goals. This service will be done for the purpose of helping to improve their health status and achieve better health outcomes.	Highly preferred

		Outreach Coordinator	Filled	The member will conduct outreach for Heartland's dental services. Based in two different school-based health centers, the member will reach out to parents, school staff, and students to coordinate dental care. Additionally, working off a list provided by CDPH, the member will reach out to students who require restorative care. Finally, the member will identify uninsured dental patients who are eligible for Medicaid and assist them in enrollment.	Highly preferred
Howard Brown Health	2	Health Educator	Filled	Based at Howard Brown's Englewood clinic, this member will provide HIV and STI education, test counseling, and risk reduction services to walk-in patients.	Not required
		Outreach Coordinator	Filled	Based at Howard Brown's Hyde Park location, this member will work with clinic staff and community members to expand the outreach and engagement efforts and supplement client education to better meet the needs of the community. Activities will include the production of educational and promotional materials that cater to the community culture and address the unique needs of the population.	Not required
Illinois Eye Institute at Princeton Elementary School	3	Patient Navigator I Patient Navigator II Patient Navigator III	<ul style="list-style-type: none"> • Filled • Filled • Filled 	In the morning, these members conduct entrance testing to all patients (CPS students) that come to this vision clinic and coordinate the clinic flow. In the afternoon, the members call parents of patients that need follow up care to schedule appointments and ensure that students access all needed services.	Preferred

Northwest Side Housing Center	1	Outreach Coordinator	Filled	Based in the Belmont Cragin neighborhood, this member will conduct outreach to the community around resiliency and trauma. The member will coordinate bimonthly meetings of the Resilient Belmont Cragin Community Collaborative, provide mental health and wellness services, and perform ACES, resiliency, and health screenings at community events.	Required
Respiratory Health Association	3	Health Educator	<ul style="list-style-type: none"> • Filled • Filled • Filled 	The members will travel to schools across the city and provide disease management education to students who have asthma. The members will also provide education to parents who have children with asthma and CPS staff.	Preferred
Legal Council for Health Justice	1	Case Manager	Filled	This member will collaborate with attorneys and paralegals working in the public interest to provide trauma-informed “legal care” to justice-involved persons living with disabling mental illness in Cook County. Specifically, the member’s role will be to focus on connecting this population to social services, thereby promoting reintegration and recovery in the community and interrupting the cycle between homelessness and incarceration.	Not required
